

## Complainant's Request for Reconsideration

**SUBJECT:** Re: Notice re Complaint against Turning Point filer id: 101878

Director Collins,

Thank you for the prompt review of this complaint. I want to ask a clarifying question before I respond more fully — I am not sure I am understanding your read of the record.

Your May 13 letter describes the operative factual allegation as “around \$20,000 in expenditures... not separately reflected on a VRKA filing.” I want to make sure we are looking at the same record. The complaint I filed on May 7 alleges **\$458,611.85** in cumulative campaign media spending by Committee 101878 for Biggs for Arizona during a 12-day window in May–June 2025. Those ten disbursements are itemized in paragraph 4 of the complaint and on Committee 101878’s own 2025 Q2 Schedule E2a. The largest single transaction is a **\$352,000 MEDIA BUY to 1Ten LLC on June 2, 2025**, which alone crossed fourteen separate \$25,000 thresholds.

Paragraph 23 of the complaint calculates the civil-penalty range under A.R.S. § 16-976(A) as \$458,611 (1x) to \$1,375,835 (3x), and paragraph 24 invokes A.R.S. § 16-977(C) on the \$50,000 mandatory-action threshold.

Could you help me understand:

1. How you arrived at “around \$20,000” — whether you are looking at a specific subset of the spending, a different filing, or whether this may have been a typographical or transcription matter?
2. Whether your analysis would still apply if the operative figure is \$458,611.85 rather than around \$20,000?

I am happy to provide any additional documentation — Schedule E2a screenshots, the VRKA Initial Report filed July 29, or the underlying transaction records — if that would be useful. I want to make sure the record is clear before I decide on next steps.

Thank you again for the time and care your office has put into the May 7 batch.

Respectfully,

[COMPLAINANT NAME REDACTED] [CITY REDACTED] [PHONE REDACTED]
